It's so beautiful, city lights towards me  
The full moon is shining in my eyes  
Standing at the end of the especially long, endless night

I found you, the unfamiliar feeling that drew me at first  
Just, just, just  
I think I know, but I don't know why  
Strangely beautiful night

When I draw you quietly, like the broken piece of glass  
It reminds me of myself standing there, and it torments me  
Standing at the end of the especially long, endless night  
Endlessly

I found you, the unfamiliar feeling that drew me at first  
Just, just, just  
I think I know, but I don't know why  
Strangely beautiful night  
I found you, the unfamiliar feeling that drew me at first
