Woah-oh, ooh-woah, ooh-woah  
Woah-oh, ooh-woah, ooh-woah  
Every single day  
Right here by myself I say always  
For you I wait

Hello, how have you been?  
I know, I'm still missing you all the same  
Like always I thought about your birthday  
But this time it went by like any ordinary day  
Hello, couldn't say what I wanted to say  
Pretended I'm okay  
And I just kept walking on by  
No way, there's no way we can get along  
That's what I say, and try again to fool myself  
But what's the point in doing that  
When the feelings that I try to hide  
Keep on, breaking out

For you I wait, where our worlds collide  
I want to take a deep dive, for you I wait  
Right by your side, I want to breathe and be alive  
Every single day, right here by myself I say always

Woah-oh, ooh-woah, ooh-woah (Wait for you)  
I'll always, woah-oh, ooh-woah, ooh-woah (Wait for you)  
Every single day  
Right here by myself I say always  
For you I wait

Feelin' eons gone by therein  
Only thing I can think of asking you is how you've been  
Long since you went off my grid, but I'm still waiting for you on it  
Seasons go by but you're the only one within  
Can't think, can't see, can't blink, can't be  
Runnin' round and round in circles, drawin' rings inside a tree  
Don't matter where it starts inside the pine  
There'll never be an end, there's only the start line

For you I wait, where our worlds collide  
I want to take a deep dive, for you I wait  
Right by your side, I want to breathe and be alive  
Every single day, right here by myself I say always

Last night in my dreams, I saw you smiling oh so brightly  
I'm holding just for you, a single flower deep within me  
One thing I promise, I will never ever  
Let go of your hand again, ooh-woah, ooh-woah

For you I wait, where our worlds collide  
I want to take a deep dive, for you I wait  
Right by your side, I want to breathe and be alive  
Every single day, right here by myself I say always

Every single day  
Right here by myself I say always  
For you I wait
