Bad Cops Bad Charities

PlayRadioPlay!

I saw a sign by a pay phone
It said get in line so I did

The nice cars they drive by fast
Suckin? up many gallons of gas
Yeah, I wish I had a few
I wish I had a few

In the alley with a box for two
Flashbacks to my old room
Yeah, I?m sorry about the mess
I?m sorry about the mess

I think we have a better chance
Rob the place but clean up the mess
Rob the place but clean up the mess

The big stars that crash cars and get paid
Say lines and pay fines and get laid
I don?t have to look to see, that place isn?t me
The guitars and money, the big shots
Bad cops and charities go by

The big stars that crash cars and get paid
Say lines and pay fines and get laid
I don?t have to look to see, that place isn?t me
The guitars and money, the big shots
Bad cops and charities go by

In the alley with a box for two
In the alley with a box for two
In the alley with a box for two
In the alley with a box for two

In the alley with a box for two
In the alley with a box for two
In the alley with a box for two
In the alley with a box for two

In the alley with a box for two
In the alley with a box for two
In the alley with a box for two
In the alley with a box for two

The big stars that crash cars and get paid
Say lines and pay fines and get laid
I don?t have to look to see, that place isn?t me
The guitars and money, the big shots
Bad cops and charities go by

The big stars that crash cars and get paid
Say lines and pay fines and get laid
I don?t have to look to see, that place isn?t me
The guitars and money, the big shots
Bad cops and charities go by, go by
