

Let It Shine

PlayRadioPlay!

I'm gonna let it shine
Let it shine
I'm gonna let it shine
Let it shine

A strong swimmer and he's moved to the back of
The bus later he'll be tearin' the track up
A week later and we're bustin' the right moves
We go slow until we speed up the nice grooves

A constant sinner I predicted the outcome
People wonder why temptation out does us
A week later you'll be locked in your bedroom
Only one sip now your head is a balloon

Slow and steady and we'll beat all the others
Unless this sin is a cause to get smothered
Almost ready as the gun is in the air
The shot fires and we're off against the hare

The black mamba is around the next corner
If we play it right our foe will be devoured
The bible verse we've always been hiding behind
Young sinners and we don't want to be confine
