

Next Song

Please the Trees

I never get tired of sleep
And I do
I do it for free
But I can't ever get enough of it
As I can't stop
My mind from singing

Tu tu tu do do do
Tu tu tu do do do
Tu tu tu do do do

Some days I get to bed on time
Some days I get to bed late
Either way, every night alone or with you
In tender embrace
I'm waitin' for the song that will come next
Will I remember it in the morning?
Will you still be there?
