

One Two

Pleasure P

Smoke all in this club
Posted up like I'm faded
But I'm drunk all in this love
This liquor feeling amazing
And I'm looking for the dime piece
When she make it to the floor make sure you find me
It's all about timing so when the time is right
Imma hit her from behind like

Bing ah
Slow grind I need when I hit you with the bing ahhh
One stroke, two strokes when I hit you with the bing ahhh
Feeling on the D ahhh
Looking back at me ahhh
Now listen to the DJ

Let's go one two one two one two one two
Go one two one two one two one two
Go one, two, then look back, go one two and then you look back
Go one, two, then look back, go one two and then you look back

The way you looking in this club
