Pleasure P

Oooh, oooh

You been dancing in them heels all night  
Take 'em off  
Let me message every spot that you like  
Slow and soft, slow and soft  
Then I'm gonna run the steamy shower  
So I can wash your body  
Lay you in my bed girl  
And rock you to sleep  
You say you never get this treatment  
From no one or nobody  
Girl this ain't no game  
I just know what you need

Cuz everybody needs a little bit of love sometimes  
From the strongest woman to the toughest thug, sometimes  
Yeah, yeah, yeah

It ain't gotta be your birthday or special occasion  
Just for no reason to show you you're appreciated  
Everybody needs a little bit a little bit of love sometimes  
Yeah, yeah, yeah

I been waiting on this moment all night  
Girl c'mon (Ooh, ooh, ooh baby)  
If you scream when I'm doing what you like  
It turns me on, it turns me on  
So put them scratches on my shoulders  
Your legs around my body  
Go ahead and ride it till you rock me to sleep  
Purple kisses on my stomach  
It gets me so excited  
You know what I want  
And girl you know what I need

Everybody needs a little bit of love sometimes  
From the strongest woman to the toughest thug, sometimes  
Sometimes, Yeah, yeah, yeah  
It ain't gotta be your birthday or special occasion  
Just for no reason to show you you're appreciated  
Everybody needs a little bit a little bit of love sometimes  
Yeah, yeah, yeah

Girl you know that real love is hard, to find (Ooh)  
You ain't had love as good in such, a long time  
Ooh baby all we have to do

Baby that we have to do, is stay focused  
(Cuz baby everything we do)  
Everything that we do is so, (Explosive) explosive  
And you know this cuz

Everybody needs a little bit of love sometimes  
From the strongest woman to the toughest thug, sometimes  
Yeah, yeah, yeah (Sometimes baby)  
It ain't gotta be your birthday or special occasion (No)

Just for no reason to show you you're appreciated  
Everybody needs a little bit a little bit of love sometimes  
Yeah, yeah, yeah

Everybody needs some love (Needs some love)  
Needs some love  
Everybody needs some love (Needs some love)  
Needs some love
