Bosses so many ways we worry about the losses

We ain't worry about the cost

Killers seen buying coffins

Book a flight live loss

I wake up in the morning on some rich bitch shit

I gotta rich bitch wrist

And I never been on a rich nigga dick

Unless I'm on a rich nigga dick

Even then I gotta stick to the script

Me plus you together we make bosses

In a cool zoom and diamonds doing the sauces  
That's saucy that's bossy I got Starbuck skin look like coffee  
Workers be so exhausted  
Worker bags in the closet  
Karmas on deposit  
And my body's still a topic  
I've been giving y'all the larger act  
Cause that's what a boss do  
Every time I dribble that's a boss move  
Every time we kick it we get to the goals  
Throw it to the sin to cover the flaws  
Paying homage curd to some of you hoes  
Tell 'em kill 'em something like eureka
