

# Can't Cry

Plies

My body feel numb  
My heart beatin fast  
My mind still racin  
My nerves gettin bad  
My body language weak  
My facial expression sad  
Been striped of my emotions, feel like I been stabbed  
I dunno what I a do if my nigga pass  
Emotional roller coaster, When its over I'll be glad  
Can't do nothin about his health, its startin ta make me mad  
I feel so helpless, My partna all I have  
After its all over, Gotta put my heart in a cast  
I feel so empty, how long will it last?  
Ain't nothin in the world you can do right now that can make me laugh  
It feel like I'm cryin  
But ain't no tears shed

My partna just got shot, They say he might die  
Niggas caught him slippin, hit em from both sides  
I'm cryin internally, but no tears wont come out my eyes  
I just realized I dunno how ta cry

My partna just got shot an I heard he might die  
Niggas caught him slippin, hit em from both sides  
I'm cryin internally, but no tears wont come out my eyes  
I just realized I dunno how ta cry

My shirt stickin ta me, Cause its full of sweat  
My eyes real heavy, Its hard to get some rest  
I'm worrying myself crazy, I can feel it in my chest  
I'm thinkin bout my nigga, its heard to catch my breath  
I know if I lose him now, Dunno what I'll do next  
Mama told me "Prey more baby, worry less"  
Ever since I got the news, I been a emotional wreck  
Dunno if its all a dream, Or if its all a test  
He had tubes in his nose some runnin out his neck  
Couldn't even look at my nigga, couldn't stand ta see him like that  
I feel all his pain, I'm under so much stress  
I just hope he make it  
Cause I know he blessed

My partna just got shot, They say he might die  
Niggas caught him slippin, hit em from both sides  
I'm cryin internally, but no tears wont come out my eyes  
I just realized I dunno how ta cry

My partna just got shot an I heard he might die  
Niggas caught him slippin, hit em from both sides  
I'm cryin internally, but no tears wont come out my eyes  
I just realized I dunno how ta cry
