

Make a Movie

Plies

I'm on 'gnac, she on Goosey
All my niggas keep they toolie
I'm in Chevy, he in Dualie
Me and my niggas, we finna make a movie

Six Chevy's, back to back
I drink brown, they drink white
Paint wet, engine tight
This our city, we run lights
Hustle all day, stunt at night
Pistol on lap, who gon' jack
Pulled up, Da REAList, pourin' out da whips
Time to show, who got chips
My dawg trippin', left his clip
Liquor store, one mo' fifth
Hog in the trunk, beatin' in yo ear
Mids screamin', highs clear
Spunt a stack, on my gear
Fuck them niggas, our year
Motion picture, right here
Stop this bitch, let's make a movie right here

I'm on 'gnac, she on Goosey
All my niggas keep they toolie
I'm in Chevy, he in Dualie
Me and my niggas, we finna make a movie

Better grab a seat and some popcorn
'Cause me and my niggas finna put on
Some in the streets, all of 'em strong
Couple my niggas just came home
Ridin' candy, sittin' on chrome
Pants hangin', grill showin'
Wildin' hard, every set we on
Catch me standin' on the hood of my (throne?)
We don't play nothin' but my songs
Them niggas ain't real they just rap, homes
'Fore it's over, money gettin' thrown
Holdin' up traffic, are we wrong

I'm on 'gnac, she on Goosey
All my niggas keep they toolie
I'm in Chevy, he in Dualie
Me and my niggas, we finna make a movie

Over to the club, we shuttin' it down
Ain't no secret when I'm in town
Party's closed, says who, Plies
Here you go, couple thousand
In this corner, only goons allowed
All the goons, we makin' 'em proud
My dawg on pills, let him wild
Just give him a water and a towel
Right song, come on, bop through the crowd
Wanna crank up the club, put on Plies
Time to throw money, I ain't threw it in awhile
Slangin' money, let it pile

I'm on 'gnac, she on Goosey
All my niggas keep they toolie
I'm in Chevy, he in Dualie
Me and my niggas, we finna make a movie
