Seen the drum on the seat then they knew it was me  
Fucking the same hoes the niggas yeah they play with the heat  
Gotta soap my money scared, I went and rented a suit  
Got a lamb fucking car so I guess that's a fleet  
She asked me what I want for Christm' I told her suck me to sleep  
They call me I'm the kush God and call that phoney for cheap  
You ain't hit me by the check and I ain't answer the beat  
Blew a phoneway in the mall and they want the receipt  
Took his lame ass west coast and thought it was sweet  
You can love me or hate don't make no difference for me  
He say my face getting fat, I told her bitch cause I'm eatin'

Scolded first chicken, told my mama to quit  
Pigs on my trail I have hard defense  
Diss me they ain't kill me, did that man you a bitch  
Towel on the dough just to hide the scent  
Trapped at a house so I paid the rent  
Get money with the sport then he rolled the benz  
Crack a wood be in the home nigga I was there
