When the pizza man don't deliver, you know you in the gutta
Cause all that mean is too many niggas done rob the motherfucka
To the nigga that came home, from doing a bunch of calendars
To the hoes that might need something to the jits that need nothing,
If You going to the club, then you better park in the front
If you come out and you flagging, off top boy you done
Them 8's they mean money I know it feel good to be stuntin
But you better be a 1000 nigga, don't fuck round and be 100
Cause at any given time nigga a nigga will make you dump it
You can play games with them hoes don't you fuck round with that money
Jus ran into one of my homies, I seen looking funny
When head came clean told me nigga hit them for them skunions,
Better watch what you buy, niggas sell yo ass a dummy,
Nigga stop by my grandma house with a whole truck of furniture
Nigga told me he'll sell the whole truck for 2, 700
Nigga said fuck that job, nigga he jus need the money!
