REP

Plies

Hunnid bands for a kilo, nigga

Want me a Lauren London too, ya, just like Nipsey
Buy my hood back and put on for the city
Everybody can't go, but I'm taking the real ones with me
I ain't got hustle just to hustle, I'mma hustle with a vision, ya
I'mma rep for the city, ya, ya, ya, ya

Went to sleep paid and woke up with a siz-ack
Started from the bottom, but I ain't never goin' biz-ack
Switch sides turn to the opps, I don't do that
Run to social media with the beef that's a new rad
Nine times out of ten I'm somewhere posted on the Henny
You ain't bae, don't know you like that, you get the jimmy
Keep the new niggas over there 'cus I ain't really friendly
I want a hunnid M's and I ain't got stop until I get it
I step my boss game up, I'm on a whole 'nother level
I had to distance myself from a lot of these niggas
A lot of jealousy and hated be the ones in the picture
I got one main goal and that's get richer and richer

Want me a Lauren London too, ya, just like Nipsey
Buy my hood back and put on for the city
Everybody can't go, but I'm taking the real ones with me

I ain't got time to beef, homie, I rather get a biz-ag
I ain't got time to chase thots, I rather get ciz-ash
Put my face on the X and put my statue in the hood
I'mma rep for the county, make the city look good
I just made a play, I'm finna ball right now
I can't click over, I'm on a call right now
Million dollar cash, sounds smart right now
I'm just slidin' through the city with my dogs right now

Want me a Lauren London too, ya, just like Nipsey
Buy my hood back and put on for the city
Everybody can't go, but I'm taking the real ones with me
