I've been up since 7 o'clock this mornin' countin' moolah
I done rolled a gar so long, look like a ruler
I'm just on the phone talkin' shit with my jeweler
Bitch you liable to catch me on a beach on a Tuesday
Walkin' round the suite with a robe and an Uzi
Countin' money, watchin' ESPN in a jacuzzi
She fuckin' with me hard, she like the way I say pwussy
I done told her back that ass like Juvie
I gon' put some money on his head just to do it
I just left a Margiela Store and went stupid
Can eat out every day of the week cause I can afford it
I told her next time she suck it I wanna record it

Everyday I wake up on rich nigga shit, (ayy)

And they say I walk around with too much money on me
When you an 8 figure nigga this ain't money to me
I'm tryna have a lawyer bitch in all 50 states
And when your money real long you don't stress about the case
I'm just ridin' through the motherfuckin' city with the "Do" blowing
I'm fresher than a bihh like a motherfuckin' new born
Want 1500 for the belt, give me two of 'em
Texted me that she want it, I texted her byke that'll do somethin'
5 rings on my fuckin' hand like Kobe
Left the sticker in the window for all you motherfucking Nosies
I'm in the casino blowin' money, eatin' sea bass
Lost 100, 000 yesterday, it came right back
