

# Camouflage

Plus One

What is this force around me  
Just like a tractor beam that  
Is always holding me down  
And when  
I finally get the chance to  
To spill my guts about you  
It tries to tape up my mouth  
What good am I  
If I just keep you quiet  
What good am I  
If I don't speak  
'Cause I don't wanna be  
Camouflage  
What I'm not  
'Cause what I've got invades the world  
I don't wanna be  
In a box  
All I want  
Is just to stop being  
Camouflage  
I'm sick of tryin' to blend  
Thinkin' that I should fit in  
Like I am somebody else  
Why do  
I go against what I say  
And come across as a fake  
And keep you all to myself  
It's not that I  
Wanna shove it on somebody  
I'ts just that I  
That I can't hide  
'Cause I don't wanna be  
Camouflage  
What I'm not  
'Cause what I've got invades the world  
I don't wanna be  
In a box  
All I want  
Is just to stop being  
Camouflage  
Ooooooooooh  
Ahhhhhhhhhhh  
I can't hide  
Don't put me in a box  
'Cause I don't wanna be  
Camouflage  
What I'm not  
'Cause what I've got invades the world  
I don't wanna be  
In a box  
All I want  
Is just to stop being  
Camouflage
