

## Just In Case

Pluto

Uh-uh  
Huh, grr, I said  
Huh? We facin', face  
Like who is you?  
Huh? We facin', face  
Who is you? Huh?  
Huh? Pussy  
Pussy, who is you? (K-Keno)  
I heard y'all tired of me rappin' this drill shit

We facin', face, make 'em kiss the Drac', we show you how we get  
Sneakin' up, had to cover my face, I don't know who I hit  
We swang that door, he dropped his pole, you can't get past this switch  
I rap for fun, still tote my gun in case I need to blick  
In case I need to blow  
In case I need to shoot  
I tote my G-lock for them pussies who like to act a fool

I been the hottest in this shit, I been on Betty Boo  
I could see you steppin' on a bitch, brought my stompin' shoes  
And who the fuck is you? Oh, how the fuck you comin'?  
Get back gang's a crazy way to have you lose your brother  
I heard you been a sucker, I heard you been a lame  
Get back for them pussy niggas who fake tote them things  
Oh, pussy, who is you and how the fuck you comin'?  
I heard lil' buddy tryna diss, but he still runnin'  
That pussy still bad, I made him shit his pants  
I put a fifty on his brain, never to be seen again

We facin', face, make 'em kiss the Drac', we show you how we get  
Sneakin' up, had to cover my face, I don't know who I hit  
We swang that door, he dropped his pole, you can't get past this switch  
I rap for fun, still tote my gun in case I need to blick  
Uh-huh, in case I need to  
In case I need to  
In case I need to blow  
In case I need to shoot  
In case I need to blow  
In case I need to shoot  
I tote my G-lock for them pussies who like to act a fool

In case I need to blow  
In case I need to shoot  
Don't call me twin, not bein' my friend, I'm screamin', "Who is you?"  
Like who the fuck is you? Uh-huh, and how the fuck you comin'?  
Huh? How the fuck you comin'?  
How the fuck you comin'?  
Huh? Huh? In case I need to shoot

In case I need to shoot  
I'm totin' this G-lock with my, I'm with my fuckin' crew  
Who the fuck is you?
