

Swang My Doe

Pluto

Bitch, swang my dough
Swang my dough, bitch

Fuck all that talkin', bitch, come do somethin'
Fuck all that talkin', bitch, get to it
Fuck all that talk, come show me you 'bout it
Fuck cap rappin', bitch, I'll prove it
Fuck all that talk, you bitches weak, huh
Like Nicki say, you bitches my junior
Put her in a coffin, now she dead, uh

Fuck all that talkin', bitch, get to it
Fuck all that talkin', I'm gettin' shit spinned for real
Had to show big bro how to shoot it
Fuck what they said, that shit be cap
Fuck what you heard, my young crew comin'
A dollar and fire can take you off the map
I'm buyin' bags, just shut down your trap
I'll take a nigga bitch quick, that fast
Take her to Pluto and she never comin' back
Man, she fuckin' just to top me
Shawty a loser and her head game wack
Uh, every time I check my page, another bitch is stalkin' me
Double check the timer, bitch, 'cause never thought she was clockin' me
Never indirect, this pape' come straight in, how it's 'posed to be
And where's the competition? Someone like who is not another me
Fuck all that talkin', bitch, come do somethin'
Fuck all that talkin', bitch, get to it
Fuck all that talk, come show me you 'bout it
Fuck cap rappin', bitch, I'll prove it
Fuck all that talk, I'm on the way
Better hope Gen5 don't beat me to it
I been rappin' for like two days
Big PLUTO hottest and stamped, that prove it
Huh, run and run and tell, hell nah, your mom can't save you
Throwin' sub-tweets all on the 'net, that shit was lame, who?
Eat a bitch, I'm talkin' baby food
Bath and forth, that's what I can't do
A hundred K, I been blew
Hundred thousand dollars on these tennis shoes
Fuck all that talkin', show me you 'bout it
Show me you get like that for real
Fuck what you heard 'bout me, lil' nigga
Dig in your ear, bitch, fuck how you feel
Swang my dough, lil' bitch, get near
Swang my dough, lil' bitch, get near
Swang my dough, bitch, swang my dough

Fuck all that talkin', bitch, come do somethin'
Fuck all that talkin', bitch, get to it
Fuck all that talk, come show me you 'bout it
Fuck cap rappin', bitch, I'll prove it

Like Nicki say, you bitches my junior

Put her in a coffin, now she dead, uh
