

Fall N Luv

PnB Rock

Shit is crazy

Maaan this shit is crazy

Before I go another day

I got something I gotta say

It ain't supposed to be this way

Because...

I ain't tryna fall in love

I don't wanna fall in love

Don't make me try to fall in love

No I don't wanna fall in love

It ain't supposed to be this way

No I don't wanna fall in love

Don't make me try to fall in love

Cause I ain't tryna fall in love

It ain't supposed to be this way

Where do I begin right now?

This feel like the end right now

But it's the beginning girl

Everything is different girl

Can't even pretend right now

I swear I was I could to give you all of me

But all these bitches they keep callin' me

Plus shawty you know you made it hard for me

So for now you only get a part of me, yeah

I remember we was cool

You would come and check a nigga at the school

You was cool with every nigga in my crew

Shit crazy even fucked another nigga in my crew

But that don't change how I feel

I fuck with you cause you real

You told the truth that was thrill

But now I don't want no bail, hell nah

I'm just tryna live my life

I ain't tryna be tied down with no wife

I'm just tryna be smokin' weed throwin' ones on stripper bitches fuck in' model hoes all night

So I ain't got time for relationships I'm out here tryna make a flip

You say you love me shawty you don't love me you just love this dick

Before I go another day

I got something I gotta say

It ain't supposed to be this way

Because...

I ain't tryna fall in love

I don't wanna fall in love

I ain't tryna fall in love

In love, in love, in love, love

Ain't supposed to be this way
