

How It Feels

PnB Rock

Shawty I just want to love you
Oh yeah, yeah

Shawty I just want to love you
Take your heart and love you
That's just how it feels, yeah
Shawty I just want to love you
Take your heart and love you
That's just how it feels, that's just how it feels
Shawty I just want to love you
Take your heart and love you
That's just how it feels, yeah
Shawty I just want to love you
Take your heart and love you
That's just how it feels, that's just how it feels

Shawty, why you playin'? What you wann' do? (Do)
You know that I'm tryna pull up on you (You)
I got some things I can show you
Send me your addy, I'm on you
And I can pull up on you in the daytime (Day)
And I can pull up on you in the nighttime (Night)
If I ain't got time, I can find time (Time)
'Cause any time is the right time

Why you always gotta act like that?
Why you always in your bag like that?
Why you always leave fast like that?
Just to bring that ass right back?
Why you always in your mood like that? (Mood)
Why you always acting rude like that? (Rude)
Why we can't be cool like that?
When you know that

Shawty I just want to love you (You)
Take your heart and love you (You)
That's just how it feels, yeah (Feels)
Shawty I just want to love you (You)
Take your heart and love you (You)

Show you what that real love like
I can make you scream all night
Show you who the real
Give you that something to feel
Getting you up out them heels
Them Jimmy Choo's, buyin' you Birkin and shoes
Regardless, whatever you choose
Gucci with your name on it
All the bitches mad 'cause they want it

Hit it like this, feel good, don't it?
Hit it from the back, got you runnin' back, blowin' your back out
Glad, pullin' your tracks out
Yeah, your last nigga, he wack (Fuck that)
Bouncin' out lookin' at tags, no
Believe your stress don't stress you out
Let me show you off

Shawty I just want to love you (You)
Take your heart and love you (You)
That's just how it feels, yeah (Feels)
Shawty I just want to love you (You)
