I heard a couple niggas tryna line me
It ain't hard to find me
I got a couple killers right behind me
And if they catch a body, I swear I won't tell nobody
I got Balmain on my body, diamonds dancing on my body
[?] cooler than your jeweler, Elliot Avianne
She wanna fuck while my song play
I wanna know why they salty
I had to get it the hard way
Yeah nigga that's what they all say
I had to give up on college
I would've been trapping in hallways
I'm ballin', you know you can't stop it
Crossover, get 'em off me
I ain't got time for this shit, I'm a monster at this, nigga I grind for this shit
I can't just sleep with a bitch, you gotta watch who you hit, first get the drop on a bitch
Louis Vuitton on my hip, forty-five on my hip

Everybody wanna know now, everybody wanna know how
How a young nigga came up, I'm supposed to be broke now
Coming through looking like I hit a lick
Dare you to try me cause I got that stick
Killing these haters, I'm making them sick
I just bought some new Chanel for my bitch
Bands all in my pockets
I'm taking off like a rocket
I'm the plug, no socket
I need all my profits
I need all my checks
Bitches on me cause they know I'm next
She just sent a naked picture through the text
I don't want the pussy, I just want the neck
All I know is flex, diamonds on my neck
I'm the fuckin' best, nigga what's the bet?
I just copped a new laser for this TEC
Treat you like a bitch, pussy you get wet
Cause I ain't got time to be playin' with y'all
You from where I'm from then you know that it's hard
I swear I told y'all that I'm not a star
It's still fuck the law and free all of my dogs
