Pulled up in that big beamer, they thought it was a rental
While I get my dick sucked, my seats massaging me

Looking like I got it I can probably fit a shawty in it
Now I gotta go pick up the pocket rocket
Just to get a thotty in a spot, cause I can't trust no bitches
I don't like little bodies in a big ass fucking Bentley
With a spanish mami make her call me papi in it
I'm riding, windows tinted and she give me sloppy in it
And they tryna see who in it, mind your fucking business
Money on mind it's always time to get it, yeah
Got Eliante jewelry so my diamonds glitter, yeah
