I fell for you hard, without even knowing

Without you layin' here next to me  
Got my heart on my sleeve  
But that's only for you, girl

But you got a nigga going, yeah yeah

Girl, that may be through  
'Cause, girl, you stay in some designer  
Used to be my boo  
But now you left me, I can't find another girl like you  
Now I'm stuck with all these problems, yeah yeah
