It's a bit like a trip, but you hit it with a slip of a tongue, like a whip, and we're sinking, it ain't cool to be cool, though you may think it a laudable tool of sel f evaluation, of ego cultivation, n' I'm rolling my eyes like the stones for the lies, is it really all about the size or just a simple vice...

Oh, and it makes the news Oh, cos it sings the blues

I feel the fire flare alight inside me Higher so I can see N' aspire to survive this fight in spite of Liars and travesty Oh fire

Did you think that I'd blink, that I'd go and take the ink to y our control, that I'd sell my soul, and does it ring any bells that it sells that we're living out of s hells in a shotgun, if we couldn't shoot, we'd have to run, and finally the cerebral fantasy, better gene s and machines, so we can die looking like we're teens, like snapshot scenes in smithereens...

Oh, and the ones we choose Oh, witch hunting fools

I feel the fire...

Look there it is in the news again, yeah There it goes singing the blues again

Fire flare alight inside me...

Fire, return my joy cos I'm so Tired, tired of me Inspire the weary eyed to see the Ire and Irony Oh fire
