## Point North

I'll just let you bury yourself  
But I'll still go and get a shovel  
You could pull me under if you want  
If there's something that you want to settle  
This is our final fight  
What's it like living lies?  
Look at the stars at night  
You won't see me hanging around  
People that'll bring me down

Fix this fracture in my bones  
Broken but never a weakness  
Under pressure it still broke  
And I don't think that I can relieve it, yeah  
'Cause I don't recall you making me  
Like you can call me family  
I don't want to think about you  
Even when I thought I knew you  
It's just a waste of energy  
So why you holding onto me  
Like you mean something to  
Like you mean something to me

For someone trying to play safe  
You ain't trying to play fair  
You don't, you don't  
You don't, you don't, you don't  
Now you want to reset  
Kind of hard to fake that  
Why you gotta take this so  
Take it so personal

I'll just let you bury yourself  
But I'll still go and get a shovel  
You could pull me under if you want  
If there's something that you want to settle  
This is our final fight  
What's it like living lies?  
Look at the stars at night  
You won't see me hanging around  
People that'll bring me down

For someone trying to play safe  
You ain't trying to play fair  
You don't, you don't  
You don't, you don't, you don't  
Now you want to reset  
Kind of hard to fake that  
Why you gotta take this so  
Take it so personal

Why you gotta take this so  
Take it so personal

Take it so  
Take it so, take it so  
Take it so, take it so

You take it so personal
