## **Breath Of God**

## **Point Of Grace**

Breath of God, breathe on us We adore You, come before You To magnify Your name

Breath of God, fill this place With Your spirit drawing near us We'll never be the same

Mighty God

You are endless in power and mercy, be glorified We exalt You and lift up Your name, Lord of all King of Heaven and Earth, You are holy, holy

Breath of God, breathe on us Come so sweetly and completely As we seek Your face

Breath of God, reign in our hearts And restore us, stay before us To lead us all our days

Breath of God, breathe on us We adore You, come before You To magnify Your name

Breath of God, fill this place With Your spirit drawing near us We'll never be the same

Breath of God You are endless in power and mercy Breathe on us We exalt You and lift up Your name

Lord of all, King of Heaven and Earth You are holy, holy, holy, holy Breath of God, breathe on us
