# Hold On To Me

**Point Of Grace**

A quiet conversation, a solitary prayer
Listening in the silence and knowing You are there
Emptying my troubled heart, my secret hopes and fears
You speak to me in whispered words that the heart alone can hea
r

I love You so
Won't let You go
Hold on to me

I could never offer You the praise that You deserve
The thanks for all You've given me and with nothing in return
But I will give my life to you, my moments and my days
If only for the peace I find every time I hear You say

I love You so
Won't let You go
Hold on to me

Keep me near this day
Never let me stray
From Your everlasting, sweet embrace
Hold on, hold on to me

Another conversation, another quiet plea
Stumbling for a way to say, how much You mean to me
And once again You give me more than I can give to You
So I'll just say these simple words 'cause it's all I know to d
o

I love You so
Won't let You go
Hold on to me
