

Live To Worship

Point Of Grace

A simple offering is all that we bring
We give our lives, claim You as King
We are Your servants and before You we bow
With every breath we make this vow

We will live to worship, give You praise
With all our hearts for all our days
Father we want to do what You created us to
We will live to worship You

Our every moment is a gift of Your grace
We are all Yours, now and always
More than just words, oh Lord, the cry of our hearts
Is to let our lives speak of how great You are

We will live to worship, give You praise
With all our hearts for all our days
Father we want to do what You created us to
We will live to worship You

You are worthy, You are holy
You alone are deserving
You are holy, You are worthy
You alone are deserving

We will live to worship, give You praise
With all our hearts for all our days
Father we want to do what You created us to
We will live to worship You
