

Wash Me Away

Point Of Grace

I've grown tired, tired of the person I've become
The choices I make, the selfish things I've done

Oh oh, I'm goin' down to wait in the water
Far too long been a wayward daughter
Father won't You change what needs to change?
Wash me away
'Til only You remain
I gotta live in faith

A little faith and a whole lot of fear
Fair well to who I've been, it's time to disappear

Oh oh, I'm goin' down to wait in the water
Far too long been a wayward daughter
Father won't You change what needs to change?
Wash me away
Wash me away
'Til only You remain

Carrying my arrogance, leavin' on my problems to the side
I can hardly wait to see who I'm gonna be when I'll rise

So I'm goin' down to wait in the water
Far too long been a wayward daughter
Father won't You change what needs to change?

I'm goin' down to wait in the water
Feel Your mercy pull me under
Father, I refuse to leave this place
'Til you wash me away
Wash me away
Just wash me away
Wash me away
'Til only You remain
