

## Good Time

Poison Girls

I saw you shove that hosepipe down your trousers  
So you can shiver with something to shake  
I'm gonna rip them buttons off your tease shirt  
I'm gonna peel that wrapper off your face

Obsessive sexuality  
Obsessive sexuality

I'm gonna lick that sugar off your hairstyle  
I'm gonna pick the icing off your cake  
I saw you stuff that kleenex in your brassiere  
I saw you stick a cherry on your fake

Deceptive sexuality  
Lalalalalalala .. good time  
Lalalalalalala .. good time  
Lalalalalalala .. gotta have a good time

You can forget the meaning of existence  
You can forget the things that make you tick  
Just look at me, I'll weaken your resistance  
Push you over, take you over, take you quick
