Late at night I close my eyes
And think of how things could have been
And when I look back
I remember some words you had said to me

It's better to have lost at love Then never to have loved at all

I won't forget you baby
Even though I could
I won't forget you baby
Even though I should, yeah

Sometimes in my head I can still see pictures of you And I laugh to myself When I think of all those crazy things that we used to do

Although miles come between us Just between you and me

I won't forget you baby
Even though I could
I won't forget you baby
Even though I should, yeah

I should let you fade away But that just wouldn't be me Oh, baby

Although miles come between us Just between you and me

I won't forget you baby Even though I could I won't forget you baby Even though I should, yeah

I won't forget you baby Memories slowly fade I won't forget you baby And all the plans we made

I won't forget you baby
