

Alive

Poliça

Figure water in my womb
I'm much smarter
Till the winter sun

Reflection matters
Catching after
Sex is shattered
Clone of clone

Women won't be
Men a cross me
Was I want see
It bad enough

Joyous cut
A satin casket
Mind revolting
Why can't I cum
Can't I cum

So tightly woven
Tense and broken
Rats are roped in
Who can I trust

Desire spoken
It's a joke
I want my pain
When it's up and in

Fingers don't feel oh
The pictures they're so real
Why can't I cum

My lover haunts me
Turned off so we
Call it wanting
I want to fuck

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive

With each new body
That surrounds me
Call it wanting
I want to touch

My lover haunts me
Turned off so we
Call it wanting

I want to fuck

I want to like it
Was a time
When I was a child
Or was it luck?

Locket talkin
Out the mouth
We never drop it
We're good enough

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive

I'll be alive

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive

Oh you're alive
I'll be alive
Oh she's alive
I'll be alive
