

[Verse]

Well, I drank with you all evening
Then I checked you were still breathing
I guess we all have our demons
Different gradients of darkness

Deep down, I thought that you were joking
When you said you couldn't see the good things
When the clouds are all that's visible
To see the sky would be a miracle

[Chorus]

But gravel and a shell makes a pearl
So don't you tell me there's no magic left in this world
When gravel and a shell makes a pearl

[Verse]

In the end, we will not prosper
From staying close to all we've lost here
Maybe let's start a new adventure
Build a house out in the desert

Well, geographically speaking
Maybe that wouldn't be a bad thing
When the clouds are all that's visible
To see the sky would be a miracle

[Chorus]

But gravel and a shell makes a pearl
So don't you tell me there's no magic left in this world
When gravel and a shell makes a pearl
