Someone call a paramedic  
I can't speak, it's all phonetic  
Made me forget every word 'cause, like, that's a lot of letters  
ABCDEFGHIJKLMNOPQRSTUVWXYZ

911, hello? It's me, Sophia  
Yes, this is an emergency  
Yes, the way they put it down on me  
Got the whole room tipsy  
Hyperventilating when  
We be procreating  
Where'd you learn to do that thing?  
How you hold the bat when you swing

I don't think I can breathe  
I don't think I can speak  
I don't think I can think  
I don't think I can see  
Fuck

Someone call a paramedic  
I can't speak, it's all phonetic  
Made me forget every word 'cause, like, that's a lot of letters  
ABCDEFGHIJKLMNOPQRSTUVWXYZ

Cut your pick out and put it my locket  
So I could kiss you whenever I wanted  
Hyperventilating when  
We be procreating  
Where'd you learn to do that thing?  
How you hold the bat when you swing

I don't think I can breathe  
I don't think I can speak  
I don't think I can think  
I don't think I can see  
Shit
