

# Memento Mori

Polyphia

I'm all in  
I could never forget you if you're fallin'  
I'll be here waiting to catch you, I'm all in  
I could never forget you if you're fallin'

I know I already told you  
I won't say it again  
I'll be the one that'll hold you  
You'll be my only friend  
I'll make it all worth the time  
We both know life has to end  
Let's act like love lasts forever  
We could both play pretend

I'll be here standing next to you  
When you feel down and out  
I always want the best for you  
I'll always be around  
I'll be here standing next to you  
I hope you know I'm proud  
And if I leave before you do  
Just listen to the sound

Of my voice singing this song to you  
I'll never let you down  
I wanna see this through  
And if I'm not around  
I'll still be there with you  
I'll always be a heart beating away

I know I already told you  
I won't say it again  
I'll be the one that'll hold you  
You'll be my only friend  
I'll make it all worth the time  
We both know life has to end  
Let's act like love lasts forever  
We could both play pretend

I'm all in  
I could never forget you if you're fallin'  
I'll be here waiting to catch you, I'm all in  
I could never forget you if you're fallin' (Fallin')

I'll be here standing next to you  
When you feel down and out  
I always want the best for you  
I'll always be around  
I'll be here standing next to you  
I hope you know I'm proud  
And if I leave before you do  
Just listen to the sound

Of my voice singing this song to you  
I'll never let you down  
I wanna see this through  
And if I'm not around

I'll still be there with you  
I'll always be a heart beating away
