POLYSICS

```
Every night, every time
Every sky, every space
Every town, every world
This song sounds good for you and me

No more tears no crying
Ima hari o otoshite
(I drop a needle right now)
Jikan o tobi koete
(Skip the time)
This song kokoro ni hibiku yo
(echoes into my heart)

No more pain no sad
Ima nami o tsutate
(Now, through by the way)
Oonshoku ga wani natte
(The sound becomes waves)
This song kokoroni hibiku yo
(echoes into my heart)

Every night, every time
Every sky, every space
Every town, every world
This song sounds good for you and me

No more tears no crying

Ima tooku mawate
(I'm taking the longer path)
Rhythm ga tsuranatte
(becomes together)
This song kokoroni hibiku yo
(echoes into my heart)

No more pain no sad
Ima nami o tsutawate
(Through by the way)
Onshoku ga wani natte
(The sounds ring)
This song kokoroni hibiku yo
(Echoes into my heart)

Time goes by
Time goes round
Time goes by
Time goes round

This song sounds good for you and me
```
