POLYSICS

Waiting... For a good thing  
Meaning... To talk with you  
Waiting... For a good thing  
Trying... To make sense

I'm saying a little too loudly  
Just now, I've changed my mind

I don't care about much  
Always on the go  
You are gonna go all the way  
For days too long  
Always on the go  
You are gonna go all the way

Waiting... For a good thing  
Meaning... To talk with you  
Waiting... For a good thing  
Trying... To make sense

I just don't get it,  
Right now I've changed my mind

I don't care about much  
Always on the go  
You are gonna go all the way  
For days too long  
No never say slow  
Your limits never here to stay
