POLYSICS

Waiting... For a good thing
Meaning... To talk with you
Waiting... For a good thing
Trying... To make sense

I'm saying a little too loudly
Just now, I've changed my mind

I don't care about much
Always on the go
You are gonna go all the way
For days too long
Always on the go
You are gonna go all the way

Waiting... For a good thing
Meaning... To talk with you
Waiting... For a good thing
Trying... To make sense

I just don't get it,
Right now I've changed my mind

I don't care about much
Always on the go
You are gonna go all the way
For days too long
No never say slow
Your limits never here to stay
