

## URGE ON!!

POLYSICS

You say ! If we all understand  
The meanings, we won't be so afraid  
(But) I think we just  
Fear the unknown

(Don't) you think so ?  
(I) don't know

You make such a serious face  
I cannot make your day  
(But) I'll manage it somehow !

I'm gonna  
Do it  
Song-write now !  
Urge on !

You say ! Dive into the studio  
Without any manuals  
I know it's out of sync  
It's like a bungee jump

(Don't) you think so ?  
(I) don't know

You make such a serious face  
I cannot make your day  
(But) I'll manage it somehow !

I'm gonna  
Do it  
Song-write now !  
Urge on !

You say ! If we all understand  
The meanings, we won't be so afraid  
(But) I think we just  
Fear the unknown

(Don't) you think so ?  
(I) don't know

You make such a serious face  
I cannot make your day  
(But) I'll manage it somehow !

I'm gonna  
Do it  
Song-write now !  
Urge on !

It's sickening, it's boring  
I don't wanna carry on the past
