

# Be Better At Listening

Pomplamoose

Be better at listening  
You're not that interesting  
Be better at listening  
You're not that interesting  
I expected you to  
Be better  
It's not like you climbed Mount Everest  
And even if you did  
I would be more impressed  
If you talked less  
If you talked less  
If you talked less  
It's not like you're running from the government  
Or did you just escape  
Solitary confinement  
Could you talk less  
Could you talk less  
Could you talk less  
Have you noticed no one else is speaking?  
Be better at listening  
You're not that interesting  
Be better at listening  
You're not that interesting  
\*Instrumental\*  
You don't need to think about what to say next  
I know you're anxious but you  
Might actually make some friends  
If you talk less  
If you talk less  
If you talk less  
So put down your phone and look me in the eyes

Cause chicks dig when you're  
Inquisitive about their lives  
If you talk less  
You get more ass  
You get more ass  
Have you noticed no one else is speaking?  
Be better at listening  
You're not that interesting  
Be better at listening  
You're not that interesting  
I expected you to  
Be better  
Now here's how you do it  
Step 1:  
Stop thinking about yourself  
Step 2:  
Focus on someone else  
Step 3:  
Ask them a question, like you care  
Step 4:  
Try to care  
Keep it up  
Step 1:  
Stop thinking about yourself  
Step 2:

Focus on someone else

Step 3:

Ask them a question, like you care

Step 4:

Try to care

Be better at listening

You're not that interesting

Be better at listening

You're not that interesting

I expected you to

Be better
