

## Let Loose

Pomplamoose

Can lead a horse to the water  
But you can't make it moo  
(Can't make it moo)  
And you can put all the butter  
That you want on your food  
(All the butter, all of the butter)  
So if your head's getting cluttered  
By your delicate mood  
Come out  
Come out  
Come outside  
Where the light  
Is kinder than you knew  
It's time to let loose  
It's time to let loose  
I really like what you do  
(Like what you do)  
(Shake it shake it)

I wanna try somethin' new  
(Try somethin' new)  
Well you can bite off the bottom  
But you're breakin' the rules  
(Breakin' the rules)  
And you can play at the lotto when  
The numbers are good  
(All the numbers, all of the numbers)  
But if you break it you buy it  
And you know that you should  
Come out  
Come out  
Come outside  
Where the light  
Is kinder than you knew  
It's time to let loose  
It's time to let loose
