River Shiver

Pomplamoose

Dangerous man in the suit and stripes
Says to follow him down to the river
Asks you to sign on the dotted line
And to follow him down to the river
Where everyone waits 'cause no one can deliver

But I won't fall for you
You're gonna have to try harder
Show me some follow through or just forget it
'Cause thinking about you still gives me the shivers
(Gives me the shivers)

Dangerous man with the poison tongue
Says to follow him down to the river
Soon you'll forget where you're coming from
As you follow him down to the river
Where everyone waits 'cause no one can deliver

But I won't fall for you
You're gonna have to try harder
Show me some follow through or just forget it
'Cause thinking about you still gives me the shivers
(Gives me the shivers)

Dangerous man with the pearly whites
Says to ... to the river
Where everyone waits 'cause no one can deliver

But I won't fall for you
You're gonna have to try harder
Show me some follow through or just forget it
'Cause thinking about you still gives me the shivers
(Gives me the shivers)

But I won't fall for you
You're gonna have to try harder
Show me some follow through or just forget it
'Cause thinking about you still gives me the shivers
