

# Sleeping Without You

Pomplamoose

f\*cking hell I hate  
Sleeping without you  
So would it be ok  
If somebody else stayed over  
While you're away?  
Its not sexual, its just  
Contextual I swear  
Its like you don't even care  
What if I was assaulted?  
What if there was a demon in my bed?  
I know were all adults here  
But I could trip and get electrocuted  
Ok, I realize its mostly in my head  
But it only gets worse  
Cause Im tired Im tired Im tired to death  
Holy shit it sucks  
Turning the lights out  
Ill double-check the locks  
And wear something practical just in case I need to bolt  
Im not paranoid  
I just heard a noise downstairs  
And like you werent even there  
What if I was assaulted?  
What if there was a demon in my bed?  
I know were all adults here  
But I could trip and get electrocuted

Ok, I realize it's mostly in my head  
But it only gets worse  
Cause I'm tired I'm tired I'm tired to death  
Yeah I'm tired to death  
I'm so tired yeah  
Oh I'm tired to death  
Its not sexual, its just  
Contextual I swear  
Its like you don't even care  
What if I was assaulted? (Oh no!)  
What if there was a demon in my bed?  
I know were all adults here (Oh no!)  
But I could trip and get electrocuted  
Ok, I realize its mostly in my head (My head)  
But it only gets worse  
Cause Im tired Im tired Im tired to death  
It only gets worse  
Cause Im tired Im tired Im tired to death  
It only gets worse, yeah it only gets worse  
It only gets worse, yeah it only gets worse  
It only gets worse, yeah it only gets worse
