Love's all I want to see before I die
Save all my energy just for the sky
For you and I

Lord, please listen
They don't know what they're missing
But lord, they're missing you
My heartbeat, my sorrow
They could die tomorrow
And they don't have a clue
I'd rather stay in

Love's all I want to see before I die
Save all my energy just for the sky
For you and I

Lord, please listen
I gave up hugs and kisses
I'd rather stay alone
They seem happy
But how could that be?
The sea it was almost gone
I'd rather stay with

I'm doing fine (It can't be true)
So pass the line (It's blood to you)
I played with life (Life's not a game)
I worship love (It's not the same)
I'm happy for you and you're happy for me, that mightn't be true
e so why can't you see that you must go and go and-

Love's all I want to see before I die
Save all my energy just for the sky
