

# Magnifier

Pond

magnifier burn like fire  
until the sunset I hope I forget  
dandelion feels like I'm dying  
so grant me one and turn up the sun  
to be alone for all of time  
inside this cell which is my mind

rocky dells and private hells  
shallow streams and silent screams  
gutters jammed understand  
paper boats destined to stand

to be alone for all of time  
inside this hell which is all mine

encased in dying skin  
protecting me from my sins  
scared and stained  
can feel no pain  
safely sealed  
til everything's the same

to be alone for all of time  
in this hell which is mine  
to be alone for all of time  
inside this cell which is my mind
