

O, UV Ray

Pond

Oh, UV Ray, you blew away
When through my brain on holiday
Oh, UV Ray

On a midnight train
They took a bottle and redundancy pay
On holiday
Oh, UV Ray

One by one, all the cracks of the gun give the light an amber hue
Yes, it's true
I'm coming back 'round to you
I fall back down in my blood soaked gown and the kids don't know what to do
Nothing new
Are you coming around to me too?

Oh, UV Ray, you blew away
When through my brain on holiday
Oh, UV Ray

A bird is slain
You took my hand and we prayed for rain
Love is lucky, to live is brave

One by one, all the cracks of the gun give the light an amber hue
Yes, it's true
I'm coming back 'round to you
I fall back down in my blood soaked gown and the kids don't know what to do
Nothing new
Are you coming around to me too?

Even in my arms, you were barely there
It was the best party, like, ever, I was pissing myself, scared
Howling at the moon, crying out for anybody who cared
And they sighed through the valley just like a prayer

One by one, all the cracks of the gun give the light an amber hue
Yes, it's true
I'm coming back 'round to you
I fall back down in my blood soaked gown and the kids don't know what to do
Nothing new
Are you coming around to me too?
