

Twins

Pond

My twin she's my keep, wing tips of angels brush her hair when
she's asleep
Sister she loves him, cradles her doll's head in her artificial
limbs
The light that made us made us twice

My twin she's my keep, lays down besides me takes the braces fr
om her feet
Real hair and real lips, we are inseparable, we're joined at th
e hips
The light that made us made us twice

Never can the cord they sever forever we will be together
I just had the same thought my twin tell me to and I'll get los
t

We are closer than you know, everyone of you, no different than
ourselves
Dreamed that I was alone, lying here, alone, beautiful and whol
e

You can swim but I will drown
Now I can't go near the ocean with my courage watered down
