

First Date Mullet

Pony Pony Run Run

We should have started the first day we met
Now you're sleeping by me
Side, yeah by my side,
oh, i can't stand it,
Why

I guess we were dancing the same way
In this empty classroom,
Waste to the time of life,
Ohhh, I can't?

I feel like a homeless kid when you're far away,
Pull on my old flashy shoes to feel ok,

We should have started the first day we met
Now you're sleeping by me
Side, yeah by my side,
oh, i can't stand it

I feel like a homeless kid when you're far away,
Pull on my old flashy shoes to feel ok,
I feel like a homeless kid when you're far away,
Now I'm growing up, anything that you might stay
Now I'm growing up, anything that you might stay
