Pony Pony Run Run

Hi you
Mystical women
No you're not no you're not
Cause I am
Living for the ocean
Plus I live on my own

Sometimes
I've got time to share
But no one but no one
Can break the seal between my heart the hardest times I love and on the inha
bitants

Come on and be my doll
Or you can live on your own
Come on and be my doll

Show me what you got
Show show me how
Show me what you got
Here the time's so special
Show me what you've got
Come and show me what would it be when I'm a good guy

Hi you
Mystical women
No you're not no you're not
Cause I am living for the ocean plus I live on my own

Might be
Got no time to spend
Aruba, Jamaica
No I don't wanna take you to the deep and of reverence

Come on and be my doll
Or you can live on your own
Come on and be my doll

Show me what you got
Show show me how
Show me what you got
Here the time's so special
Show me what you've got
Come and show me what would it be when I'm a good guy

You never know
What I've been through
You never know why
Show me what you got
Show show me how
Show me what you got
Here the time's so special
Show me what you've got
Come and show me what would it be when I'm a good guy
