

ADDICT

Poo Bear

How you attack me with no warning that's my favorite
How you aggressive in the morning that's my favorite
How you never tap out
That's my favorite
Like to stretch the moment out
So you can savor it
Gotta love how the pain brings you pleasure
Gotta love how the pain brings you pleasure

You a glutton for a punishment
When I slap that ass you say harder
You appreciate my accomplishments
I beat it up and leave it out of order
How you keep running like a faucet
That's my favorite
The way your lips fit around my dick feels like a bracelet
Know one else can stand it
Won't take that for granted (no)

How you attack me with no warning that's my favorite
How you aggressive in the morning that's my favorite
How you never tap out
That's my favorite
Like to stretch the moment out
So you can savor it
Gotta love how the pain brings you pleasure (whoa oh)
Gotta love how the pain brings you pleasure (oh yea)

You say spread it open
Put a finger in it
Don't be scared to shift a kidney
When you're feeling it
The 4th dimension is a place that you won't regret
Baby we won't forget
The way you take you all
That's my favorite
And you grip it harder
That's my favorite
Love how you beg for me like a cigarette
Love how you beg for me to bust on it
(Yea)

How you attack me with no warning that's my favorite (that's my favorite)
How you aggressive in the morning that's my favorite (that's my favorite)
How you never tap out
That's my favorite (oh yea)
Like to stretch the moment out
So you can savor it (you can savor it)
Gotta love how the pain brings you pleasure (oh oh, oh)
Gotta love how the pain brings you pleasure (gotta love how the pain brings
you pleasure, oh oh)

You been leaving hickey's on my balls
It hurts so good
Ride my dick until you fall asleep
I wish you would
Call off from work tomorrow

Keep cumin
Yea you should
