

Bad Day

Poo Bear

No I didn't think you would let me
Down that easy, oh no girl
And I didn't think it was over
Until you walked away, it was nothing baby

And that moment was so hard for me to breathe, yeah
'Cause you took away the biggest part of me, yeah
Life is so unpredictable, yeah
Never thought a love like yours could leave me all alone, oh no
Didn't waste any time
Like you had already made up your mind
No sympathy
'Cause I was out of line, oh yeah

But I didn't think you would let me
Down that easy, oh no girl
And I didn't think it was over
Until you walked away like it was nothing girl
It was a bad day
I know I was wrong, but you could've said goodbye baby
Now I'm like woah
It was a bad day
